GREENCROFT COMMUNITIES

WE ARE MORE THAN A *Single Story*

Our residents, team members and board members have rich and full lives. They are a sum of millions of stories in their lives, affecting who they are, how they believe and what their dreams in life entail. All are invited to submit a story for inclusion in this project. Some of the stories may be published in an e-book, some may be shared on our website, and others may be shared on our social media platforms.

- Share your *love story.*
- Tell us a story of how your *faith journey* has impacted your life.
- Can you tell us about an experience you had when you were *younger* that you now see differently?
- How has your *family influenced* you?
- What losses have you experienced and how *did you grow* from that?
- Do you have a *friendship* that has impacted your life?
- What have been your most influential *life lessons?*
- Share a story about your *funny shenanigans* (past or present!)
- Share a story about a time you knew *God answered your prayers.*
